

After watching her sister die at the hands of a vicious killer, Jane Piper receives an invitation to join Gatehouse, the secret organization that stands between life as we know it and the most ruthless killers the world has ever known. At twenty-eight, she becomes Gatehouse's youngest assassin, a hunter assigned to Nathan Tennant, a man with mysterious ties to the organization. Now, two years later, things are changing at a breathtaking pace. From New Mexico to Montana, these killers' Sacks' are slaughtering innocents as never before. Most disturbing of all, for the first time they're cooperating with one another. They have a mission. In a desperate race to uncover that mission, Jane must draw on every skill she possesses and battle those whose sole purpose is to stop her from discovering the truth. Targeted for elimination by an unknown figure, and facing betrayal at the hands of those whose loyalty she never doubted, she begins to question her most deeply held beliefs. The truth will change her life forever.
