

April Operation - Book Three of the Mountie Series - Think about it. Abortion doctor Douglas Shanahan is shot dead at his home. On the same day of all days, the young daughter of Emma Knoll, the Shanahan Clinic manager disappears on her way home from school. Coincidence? Not in this business. Sgt. Sheppard does not believe in coincidences. With no evidence left behind in either case, Sergeant Roger Sheppard knows he is dealing with a premeditated, carefully planned homicide and kidnapping. A group calling themselves the Christian Freedom Life Army claims responsibility for both. But who are they? Where are they? A 48-hour deadline and the longing for his wife and daughters to join him in St. Matthews add to the stress of an already high profile investigation. Usually the cool one, Roger now feels as tightly drawn as a drum. Too much work and worry. Not enough sleep and not enough Kate.
