

Carsten Vasilescu is building a new life for himself on Alpha's Moon when a shipment of love slaves arrives. When Carsten goes aboard to escort them down, the captain tells him of one special slave, an uncommonly beautiful one, who's been kept captive by the crew, caged and abused, and they offer Carsten a special price to take him off their hands. Carsten is shocked to see that the gorgeous human in the cage is Albany Adams, his former lover and the man who betrayed him. Carsten rescues him, but he can't decide whether he should kill him or make passionate love to him. Albany is hiding secrets that will change everything Carsten thinks he knows about him, but can they overcome their mistrust and hatred of each other long enough to give the love they feel for each other a fighting chance? Meanwhile, a galaxy away, Ryker Mondai learns that Lex has been taken captive by his father, hated enemy Luther Colombo, being held in the heart of the Alliance, on Lycanus itself, and forced to marry another man. Furious, Ryker goes after him, aided by his father and disguised as a Lycan officer. Will Ryker be in time to save Lex or will the lovers be torn apart forever and their chance for happiness destroyed?
