

Catwoman is a fictional character associated with DC Comics Batman franchise. Historically a supervillainess, the character was created by Bob Kane and Bill Finger, partially inspired by Kane's cousin, Ruth Steel.[2][3] Kane, a frequent movie goer, also mentioned that Jean Harlow was a model for the design. Since the 1990s, Catwoman has been featured in an eponymous series that cast her as an antihero classy cat burglar rather than a villain. The character has been one of Batmans most enduring love interests.
