

Dreams and Schemes: My Decade of Fun in the Sun is a collection of Lopez's most controversial, irreverent, trouble-making, and heart-warming columns. He writes through the eyes of the region and its people, unflinchingly taking on the movers and shakers, and poking about in places where other reporters wouldn't dare go. This collection offers an entertaining and insightful look into the workings of modern-day life that will delight not only people who know the players and locations well, but will resonate with people anywhere because people, politics, and situation that catch Lopez's eye are universal. Whether read straight through, read at random, or read aloud to share with someone, the columns will amuse and enlighten all readers.
