

Edward Lear, Victorian author of nonsense verse, was also a water-colourist and a traveller. Lears sense of humour was contrasted with his severe bouts of depression. Gregarious and popular, he had a wide circle of friends including Alfred Tennyson, yet was often lonely. As well as descriptions of some of Lears sketches and watercolours (of which he painted some 10,000 in the course of his career), Levi also provides critical analysis of classic poems, such as The Jumblies, The Owl and the Pussycat and The Yonghy-Bonghy-Bo, setting them in the wider context of traditional nursery rhymes. Lear belonged to the great tradition of adventurous British travellers, undertaking extensive journeys in Italy and Greece, in Albania, Turkey, and Egypt, in Palestine, and in India. Many of his travels took him through wild and rugged terrain and led to encounters with unusual characters. Extensive quotation from Lears letters and detailed diaries complement this book.
