

The B&B boys have returned in their third collection, for more hijinks, romance, and laugh-out-loud wackiness, interwoven with some heartwarming drama! This volume marks the beginning of Kyles Bed & Breakfast in full color, (the previous two collections were in black & white), and we meet some fun new characters including the Norwegian astronomer Njord, the enchanting transgendered Morgan St. Cloud, and the preppy, machiavellian Price Kingsbury! As always, the episodes are crackling with whip-smart dialogue and unexpected twists and turns. And, now in full color, the artwork looks better and grander, (and the guys more hunky!), than ever! Also included is a handy Whos Who to start off the collection for any new readers, (although you dont really need it... newcomers can jump right in and enjoy the gay antics!). And theres also a new, never-before-published episode, and some gorgeous new, full-color drawings of the B&B guys that would make for great pin-ups. While the strip is clearly chock-full of LGBT characters, its quite apparent from a quick glance at the Facebook fan page that Kyles B&B has legions of straight fans, too. Gay, straight, bisexual, whatever.... Kyles B&B is the place you want to be!
