

I successfully created a DVD Movie: â€¢ Using a Power Point presentation with the Audio Recorded with a Microphoneâ€¢ Using Cam Studio software to record several Video Clipsâ€¢ Importing these Clips to Win Movie Maker and saving the Movie as a Videoâ€¢ Then Burning a Disk Using Win DVD Maker This book describes how to perform all of the tasks necessary to end up with a published DVD. I learned how to do it by creating two Movies and Disks suitable for publishing. I must confess I made many mistakes ending up with unacceptable DVDs before successfully saving my subject matter using the Win Movie Maker. This saved Movie was then used to create a DVD suitable for publishing. It took me several months of trial and error before arriving at the proper procedure to use to obtain the final publishable DVD. This book shows you the proper steps and procedures to use so you can create a DVD using your material that will be suitable for publishing by your selected DVD publisher. The DVD can be published by you or any internet DVD publisher using their DVD setup program:
