And those of cities and ubarates, of ponderous cavalries and fleets of lateen-rigged ships. The major land power in the northern latitudes of known Gor has long been the imperium of mighty Ar. Against her hegemonies on the continent, plans by her major enemies, the maritime ubarates of Cos and Tyros, have been carefully drawn to involve attack from without and subversion from within. Cabot, once of Earth, is drawn into these intrigues. Rediscover this brilliantly imagined world where men are masters and women live to serve their every desire.
