

Alone and Afraid Brooke is running from her past and hoping to make a new life in the small Colorado town of Red Cliff in the cottage her late Great Aunt Sophia left her. She wants nothing more than to be left alone. The very handsome ex-forensic specialist, Chase who lives next door, also wants to be left alone, but unfortunately his dog, Digger has other ideas. After Digger uncovers a piece of bloody plastic in Brookes garden and then later he digs up the body of the woman who lived on the other side of Brooke, Chase and Brooke quickly have to get answers before the person who has already tried to strangle Brooke, comes back to finish the job. On the Run Becky witnessed her parents murder and after her testimony put two of the three men involved behind bars, she was put in the Witness Protection Program. After having her name changed four times in the same amount of months and after almost losing her life on three different occasions, she made her own plans for her safety. She was being sent to another state, under another name but took it upon herself to make a detour in Denver. This is the story of how she planned to survive on her own and how she got help from an unlikely source. Would she be kept safe or endanger not only herself but the man she came to care so much for in her new town? Not Her Baby Cassie and Chrissy were closer than any two sisters could be, especially since their parents passed away. Chrissys husband was an FBI agent, named Adam, who also thought of Cassie as his sister. Chrissy and Adam wanted a baby more than anything in this world and were devastated when they found out Chrissy could not conceive. After much soul searching and discussions, Cassie became their surrogate. But as fate would have it, on the day the doctors confirmed Cassies pregnancy, the three are in a terrible car accident. Chrissy and Adam did not survive. Adams FBI partner and best friend, Drake, promises to be there for Cassie through her grief and pregnancy. After the second attack on Cassie and the near miscarriage of the baby she carries, Drake rushes to solve the answers to Chrissy and Adams murder and also protect the woman he has come to love and the baby that grows inside her.
