

While cooperating with the FBI to rescue a little girl from the clutches of a psychopath, Jordan's special ability starts pulling him to the scenes of mass shootings. But something about the acts of violence doesn't feel so random and neither he nor Kayci can make heads or tails of the situation. Every answer provides only another question. Secrets and lies are part of a spy's life, but when the truth starts to bubble to the surface, a formidable new foe comes to light. A more harrowing menace than Kayci has ever tangled with gets the upper hand, forcing them onto unfamiliar ground and into the fight of their lives. As every piece of the puzzle is revealed, Jordan and Kayci realize their lives will never be the same again. And no matter how many secrets they think they know, nothing can prepare them for the next one hiding around the corner.
